## Blog on pets: Clumsy Paws

Hey guys,

Today we are going to tell you something about pets.

All our group members have a pet and we would like to give you some general information and then some facts about dogs, cats and guinea pigs.

What pet do you have? Let us know in the comments.

Pets are animals which are kept at home because they can become your friend and they make you happy. The most popular pets are cats and dogs and the rarest exotic pets are geckos and turtles.

### Dogs:

Dogs are one of the most intelligent domestic animals and they are willing to learn. This is why they are able to do nice tricks. The print of the nose is unique like our fingerprint. Did you know that? This animal can hear noises 2,4 times louder than a human. They are not colour blind, but they can't see all colours. Their sense of smell is 40% better than ours. Many dogs love to swim and like

water. This pet eats meat.

### Cats:

Cats can jump six times of their height. This is amazing! What you maybe did not know is that cats are also willing to learn. The oldest cat reached the age of 38 years. The usual age of cats is 12-18 years. It is interesting that cats can move their ears 180 degrees. They are genetically related to tigers. Cats love to be caressed. They can hear and smell very well.

### Guinea pigs:

The oldest guinea pig reached the age of 15 years. For comparison, the normal age is six to eight years. When they make a noise which sounds like squeaking, they want more food. This noise is made by them very often because they nearly always want more food. If they vibrate, they are a bit angry. You get them in all colours and shapes, okay, maybe not in pink or blue. They are vegetarian, so they do not eat meat. Guinea pigs can hear better than humans. They are genetically related to capybaras. When they are happy, they jump, which is called popcorning.

We hope that you learned some more things about these pets. Feel free to comment on our post and greet your pet from us. Our group members wish you a nice day and hope you like our blog.

Yours Dario, Pia, Dea and Anna! ♥
